I am looking for an entry-level position to start my career in a high-level professional setting. I also want to find a responsible job where I can put my training and skills to good use while also contributing to the company's success.

EXPERIENCE

NOVEMBER 2017 – MARCH 2018

APPRENTICE, NOBOK COMPUTERS

I was involved in the process of identifying the problems of a computer hardware. I also learned software installation, servicing and changing of faulty parts of a computer.

OCTOBER – DECEMBER 2022

FRONTEND INTERN, HNG INTERNSHIP

I carried out individual tasks involving creating different webpages.

I also worked with a team to create a web app assigned to us by the mentors.
